Free help and support for people looking for work in Coventry and Warwickshire

Help to find work

Accelerate is a free employment support service that can offer advice, build your confidence, improve your skills and provide valuable work experience – all geared towards helping you get a job that suits you.

We specialise in supporting people who would like to work but for various reasons find it hard to get a job and enjoy all the benefits that employment brings.

As well as helping you to access learning, training and work opportunities, we can support you to manage issues or problems holding you back from being able to work.

If you live in Coventry or Warwickshire and are currently not in paid employment or self employed and legally entitled to work in the UK, we can help.
